The creative city is a place which **creates the condition** where **people can think, plan and act with imagination**

Charles Landry

Culture determines what a place is, and
creativity is its life blood

Creativity is a renewable resource
and heritage a non-renewable resource

Can we create **interesting**
combinations of these two things?

CHARLOTTE IS
CREATIVE

**Everything we do is about connection.
And connection makes anything possible.**

When we're connected to what we need, to
what lights us up and to one another, **creative
energy is released. Anything is possible.**

A vibrant, graffiti-covered tunnel. The walls and ceiling are covered in colorful graffiti and murals. A large mural of a woman's face with red hair and eyes is prominent on the ceiling. A green van is visible in the distance on the road. The scene is illuminated with colorful lights, creating a dynamic and artistic atmosphere.
